From the President:

What fall weather is this? Hot weather, tornadoes and no sun spots. The nice warm temperatures are great for outdoor work but as Rick NØYY sadly has to report, they also bring those damaging winds. Rick lost the tower and antennas with little salvageable. Also, Dave, KJ9I had the top of his low band vertical snapped off. I haven't heard of other damage but maybe others were affected as well.

There have been some nice DX operations since last meeting. Considering the low sunspots there were nice pileups and some new bands for us all. FWØ, OJØ, 3C7, 9UØ to name a few. Also, while not a big DX operation, the operator doing much of the logging for the 4U5ØSPACE or HB9SPACE operation was none other than HB9BOI whom I featured in some of the pictures in the last newsletter. He was one of the two guys from Switzerland that came to meet us in France.

The W9DXCC convention was again an outstanding event. Members from EIDX who attended the convention were: KØAL, KJ9I, NYØV, WØGJ and KØJGH. Tom NYØV did a great job presenting the program **The Continuing Search for Amelia Earhart's Plane**.

Glenn Johnson WØGJ was the featured speaker at the banquet and gave very entertaining presentation of the **VU7RG Lakshadweep DXpedition and VU Hamfest**. Dave was overheard spinning many moon-bounce stories in the hospitality suites.

W9VA Bill addresses the banquet.

L: W9NJY Andy & wife Dolly
R: Pam NØICF & Glen KØJGH

Andy W9NJY operates PJ4 from Bonaire and was much help to me before Pam and I went there.

Since the last regular meeting we met at Heinz's NRØX QTH for another great summer picnic. Some small items from Wade's estate were dispersed. It was nice weather and good rag chew time.

We all need to welcome the new members from the past year: Gordon Wherry WBØWIV, Mark Lukin ABØDX, Joe Hetrick KVØVKN, Randall Hollingsworth KØFA, and Dave Wilson KBØKW.

October EIDXA Meeting:

The next EIDXA meeting will be held October 19 at Kirkwood Room 219C, beginning at 7:30 p.m. The meeting will include the election of officers for 2008 and a program about Seawave experiments by Rod Blocksom presented by Tom Vinson NYØV.

During the October 19 meeting, we will elect EIDXA officers. The offices and nominees are: President – Glen Kesselring KØJGH; Vice President – Steve Miller NØSM; and Secretary/Treasurer – George Carsner WØPPF.

Nominations may also be submitted from the floor on October 19.

Would someone like to fill the role of DX Card-Checker for the club? Tom Kueny KØDX has been the field checker for several years and has recently resigned from that position. It would be most helpful if we were to have a representative from a DX club our size.

***See you Friday October 19th
at 7:30 PM in Room 219C Kirkwood College.***
